

Tell Your Wife Corns Lift Off

Doesn't hurt a bit to lift corns
or calluses off with fingers.

Not a twinge of pain or soreness before applying, or afterwards. This may sound like a dream to corn-plagued men and women who have been cutting, filing and wearing tortuous plasters. Yes! Corns lift out and calluses peel off as if by magic, says this Cincinnati authority.

A quarter ounce of freezone costs but a few cents at any drug store. Apply a few drops directly upon your tender corn or callus, and instantly the soreness disappears; then shortly the corn or callus will be so loose that it lifts off.

Freezone dries instantly. It doesn't eat out the corn or callus, but just shrivels it up so it lifts away without even irritating the surrounding skin. Women should keep it on the dresser and never let a corn or callus ache twice.—Adv.

DRAMA LEAGUE HOLDS FIRST MEETING AT THE CLUB

The Ogden Center of the Drama League of America held its first meeting last night at the University club. About 75 members were present and enjoyed the excellent program.

Moroni Olsen gave the reading, "According to Darwin," by Percival Wilde, which was highly enjoyed by the audience.

President Bernard DeVoto delivered an excellent lecture on "The Intellectual Background of Modern Literature." DeVoto devoted his talk to the question of poetry, the time not being sufficient to take up the question of prose. Lester Hinchelliff delighted the audience with several selections from Mozart.

Professor Alvin Peterson, president of the Utah Agricultural college will lecture at the next meeting of the center, which is to be held on May 9. His topic will be "What Constitutes Good Drama."

STRENGTHENS KIDNEYS— PURIFIES BLOOD

You can't expect weak kidneys to filter the acids and poisons out of your system unless they are given a little help. Don't allow them to become diseased when a little attention now will prevent it. Don't try to cheat nature.

As soon as you commence to have backaches, feel nervous and tired, GET RYSE. These are usually warnings that your kidneys are not working properly.

Do not delay a minute. Go after the cause of your ailments or you may find yourself in the grip of an incurable disease. GOLD MEDAL Haarlem Oil capsules will give almost immediate relief from kidney troubles. GOLD MEDAL Haarlem Oil Capsules will do the work. They are the pure original Haarlem Oil Capsules imported direct from the laboratories in Haarlem, Holland. Ask your druggist for GOLD MEDAL and accept no substitutes. Look for the name GOLD MEDAL on every box. Three sizes, sealed packages. Money refunded if they do not quickly help you.

SCHOOL BUDGET VOTED BY BOARD \$360,000

A budget for school operations, amounting to \$360,000 was voted last night at the meeting of the board of education. Of this sum \$287,000 will go to pay the salaries of the superintendent, supervisors, principals, clerks, teachers, janitors and other employees of the schools.

It was announced by President J. H. Levedahl that the appropriations of the budget carried \$60,000 more for teachers' salaries for the coming year than for the past year.

The tax levy for this year is estimated at 7.12 mills by the members of the board, that made last year was 6.46 mills. The board members informally considered a number of bills presented for special improvements made under Ogden City ordinances, but no decision regarding them was reached. Included in the budget is interest for one-half of the \$500,000 school bond issue, it being considered by the board that half of the bonds will become interest bearing during the year. Arrangements were considered for an inspection of new school buildings at Salt Lake this week, to give a basis for action regarding necessary building in the Ogden school system.

Good Grounds.
(From the Houston Post)
"But, Mabel, on what grounds does your father object to me?"
"On any grounds within a mile of our house."

Men may come and men may go,
but the lent umbrella goes on forever.

OVER-EATING is the root of nearly all digestive evils. If your digestion is weak or out of kilter, better out less and use KI-MOIDS

the new aid to better digestion.
Pleasant to take—effective. Let
KI-moids help straighten out your
digestive troubles.

FIRST LEAGUE MEETING

Proposal to Hold Conference in Washington, D. C.

WILSON, PRESIDENT

Chief Executive Undoubtedly to Be Given Honor.

PARIS, April 29.—A proposal is on foot to hold the first meeting of the league of nations in Washington during the current year. Should the assembly meet first in Washington, it is said President Wilson doubtless would be asked to become the first president of the league.

Ogden Chapter No. 2, Royal Arch Masons

Special meeting Tuesday, April 29, 8 p. m., for work in R. A. degree. Please be present.
By order of E. H. P.
3367 F. E. NICHOLS, Secretary.

FOREST SERVICE PREPARING FOR FIELD SEASON

Officials of the forest service are busy making preparations for the inauguration of the forest field season and preparing for the season's campaign against forest fires. Notices have been sent out to every forest headquarters in this district and also to the rangers on the various forests to take every precaution to prevent the start of fires and to plan for their control, if they should start.

Every ranger has been told to go over the telephone wires on his forest and make all repairs and get lines of communication in working order so that they will be prepared when the fire season opens. Forest supervisors are completing their personnel for the summer months and getting everything in working order.

The forest officials have, as an added measure of precaution against forest fires, been conferring with the secretary of war in an effort to have airplanes fly over the various forests to locate fires. Such stations may be established over forests in this district this summer. If such action is taken it will be necessary to provide some means of communication for the machines so that information can be sent immediately to fire guards on the ground. It is probable that the wireless may be used, or the wireless telephone.

E. D. Stone Fired on Jupiter No. 60 in the Year 1869

Some information on the engines that were used on the railroads in the pioneer days was given yesterday by E. D. Stone, a pioneer railroad man of this city, who fired "Jupiter No. 60," one of the two engines which met at the driving of the Golden Spike at Promontory on May 10, 1869.

He stated that in that day the engines were constructed largely of brass, which was difficult to keep clean, but which, nevertheless, was always kept shining.

Among the engines he mentioned that were well known by the old-timers were the following: No. 52, the Tiptop; No. 88, Hurricane; No. 90, Gladiator; No. 91, Tiger; No. 64, Emerald; No. 79, Apollo; No. 28, Gold Run, and No. 60, Jupiter.

Addison Oil Strikes Another Well Is the Report From Officials

The Addison Oil company operating in the Poison Spider field at Casper, Wyo., has just struck another well, according to information received here yesterday by Ben Hunsaker from W. D. Weathers, president of the company. Weathers stated that this well made a better showing than the last well struck by the Fargo Oil company, which is controlled by the same interests.

Five wells have been struck by both companies since drilling was started.

Painters are seldom of a military tur but they always stand by their colors.

PRICE SMASHING ON TRADE BOARD ON BIG SCALE

CHICAGO, April 29.—Tremendous price-smashing took place today on the Board of Trade. Holders of grain and provisions competed on a big scale in efforts to unload and to stop losses on a declining market. A long-threatened free movement of corn and logs from rural sources was largely responsible for the general rush to sell.

May delivery of corn showed the greatest weakness, dropping to 157 3/4 as against 165 7/8 to 166 at yesterday's finish. July delivery at \$1.57 1/2 was off more than 13c from yesterday's top level. Trading in the corn market was especially on a broad scale, with individual operations counting for little.

According to notices of the federal wheat director, the government would undertake to resell from its current stocks at such points as New York, Baltimore and Philadelphia, standard flour at \$11.50 a barrel, which had been purchased for export, but which the government could furnish to bona fide users such as bakers.

Drastic liquidation continued in the corn market right up to the close of the session and prices fell violently with but few reactions. Prices around the low point of the day were off about 15 cents from the high point of yesterday.

Stop loss orders to sell exhausted margins were uncovered in profusion as the market plunged downward, and buying support was decidedly limited, if not wholly absent at times. Notices from the whole director did not become generally known until after the latter part of the decline of prices had taken place, but then served to accelerate the break.

The close found corn prices virtually at the lowest of the day, 9 7/8 to 11 1/2c under yesterday's close, with May \$1.55 1/2 to 1.56, July \$1.53 3/4 to 1.54 1/4 and September at \$1.51 to 1.51 1/2.

LABOR HAS A VOICE

Nine Clauses Inserted in Peace Treaty by Delegates.

TEXT IS ADOPTED

Well Being of Industrial Wage Earner of Supreme Importance.

WASHINGTON, April 29.—Nine clauses expressing the desires of labor have been adopted for insertion in the peace treaty.

The text of the clauses as adopted follows:

"The high contracting parties, recognizing that the well-being, physical, moral and intellectual industrial wage earner is of supreme international importance, have framed a permanent machinery associated with that of the league of nations to further this great end. They recognize that difference of climate, habits and customs of economic opportunity and industrial tradition make strict uniformity in the conditions of labor difficult of immediate attainment. But, holding as they do, that labor remedies (probably error in transmission) he regarded merely as an article of commerce, they think that there are methods and principles for the rectification of labor conditions which all industrial communities should endeavor to apply so far as it is practicable and conditions will permit.

"Among these methods and principles the following seem to be of especial and urgent importance:

"First, the guiding principle, above enunciated, that labor should not be regarded merely as a commodity or article of commerce.

"Second, the right of association for all lawful purposes by the employed as well as by the employers.

"Third, the payment to the employed of a wage adequate to maintain a reasonable standard of life as this is understood in their time and country.

"Fourth, the adoption of an eight-hour day or a 48-hour week as the standard to be aimed at where it has not already been obtained.

"Fifth, the adoption of a weekly rest of at least 24 hours which should include Sunday whenever practicable.

"Sixth, the abolition of child labor and the imposition of such limitations on the labor of young persons as shall permit the continuation of their education and assure their proper physical development.

"Seventh, the principle that men and women should receive equal remuneration for work of equal value.

"Eighth, the standard set by law in each country with respect to the conditions of labor should have due regard to the equitable economic treatment of all workers lawfully resident therein.

"Ninth, each state should make provision for a system of inspection in which women should take part in order to insure the enforcement of the laws and regulations for the protection of the employed.

"Without claiming that these methods and principles are either complete or final, the high contracting parties are of opinion that they are well fitted to guide the policy of the league of nations and that if adopted by the industrial communities who are members of the league and safeguarded in practice by an adequate system of such inspection, they will confer lasting benefits upon the wage earner of the world."

CUT THIS OUT—IT IS WORTH MONEY.

DON'T MISS THIS. Cut out this slip, enclose with 5c and mail it to Foley & Co., 2835 Sheffield Ave., Chicago, Ill., writing your name and address plainly. You will receive in return a trial package containing Foley's Honey and Tar Compound, for coughs, colds and croup; Foley Kidney Pills for pain in sides and back; rheumatism, backache, kidney and bladder ailments; and Foley Cathartic Tablets, a wholesome and thoroughly cleansing cathartic, for constipation, biliousness, headache, and sluggish bowels. First Ward Has New Sunday School Officers

The Sunday school superintendency of the First ward has been reorganized as follows: Francis M. Wright, superintendent; R. L. Purrington, first assistant, and John W. Jones, second assistant.

The reorganization was made necessary because of the resignation of Henry Noorda, former member of the superintendency, who has moved from the ward. The changes were made under the direction of W. G. Rackham of the Weber Stake Sunday school board.
